June 2019

It is almost summer, and time to get outdoors and to our parks, pools and mountain parks. A HUGE thank you to residents for continuing to stay involved, ensuring that we have a community-driven plan and funding for our parks and recreation system!

- Denver City Council officially adopted the Game Plan for a Healthy City, the community-driven plan that provides a roadmap for the future of our parks, facilities, and recreation programs.
- Thanks to voters who passed Initiative 2A, a dedicated funding source for parks will accelerate implementation of Game Plan. The 2A five-year Plan includes:
  - Acquiring additional land for parks, trails and open space;
  - Improving and maintaining existing parks, trails and open space, including Mountain Parks;
  - Building and maintaining new parks and trails;
Restoring and protecting natural features such as waterways, rivers, canals, and streams; and

- Expanding the urban tree cover in parks, parkways, and public right-of-way

This ensures that everyone in Denver has access to high quality parks. Thank you!

Jolon Clark
Councilman, Lucky District 7
